# Make the Switch!

## Switch on to FREE Energy

Kingspan Light + Air Day-Lite products are precision engineered to make optimal use of the free light energy from the sun. Never mind low cost, this is ideal illumination at no cost!

## Switch off for longer

Our tailored building solutions capture and disperse natural light for the greatest possible number of hours in the day. This means lights can be kept off for longer, cutting energy costs and the building's environmental impact.

## Switch over to quality light solutions

Premium components and cutting-edge design ensure our Day-Lite products can provide outstanding light transmission, flooding internal spaces with daylight where it is needed most, i.e. the work plane, creating a healthy environment for staff.
